EDUCATION

Universal Design
National Institute of Design, Bangalore · 2019

Mechanical Engineering
Trinity College of Engineering and Research, Pune · 2013

SKILLS

Strategy
Product roadmaps, service design, journey maps, personas, workshop facilitation

UX
IA, user flows, wireframes to hi-fi comps in Figma/XD, design systems

Research
Ethnographic research, interviews, usability testing, surveys, competitive analysis

AI Tools
Claude, Claude Code, GitHub Copilot for AI-assisted design and prototyping

CERTIFICATION

Strategic Design
Rhode Island School of Design (via Infosys) · May 2021

Senior UX Designer with a strong background in strategy, research, UI, and UX design across enterprise software. Currently designing the Catalog experience within Precisely's Data Integrity Suite, including AI-based capabilities for data discovery and cataloging. Uses AI-augmented workflows — Claude, Claude Code, and GitHub Copilot — for design and prototyping. Previously led end-to-end design projects at HCL Software and Infosys, enhancing product features and improving user experience for enterprise platforms.

EXPERIENCE

Senior Designer II · Precisely
Oct 2024 – Present

- Own UX for the Catalog module within Precisely's Data Integrity Suite, from discovery through delivery.
- Partner with product and engineering to define catalog search, metadata, and governance workflows for enterprise data teams.
- Explore and design AI-based capabilities to improve data discovery and cataloging.
- Use AI-augmented workflows — Claude, Claude Code, and GitHub Copilot — to accelerate design and prototyping.

Senior UX Designer · HCL Software
Oct 2021 – Oct 2024

- Led feature enhancement efforts for Journey over two years.
- Designed and launched Reportbuilder and Dashboards search for Discover.
- Built new features and enhanced the COM offer management tool for Unica.

UX Designer · Infosys Ltd
Aug 2019 – Oct 2021

- Led offshore efforts to research and build a CRM for Movement Mortgage loan officers.
- Designed the end-to-end CA/SA onboarding experience for BDO Bank.
- Enhanced forklift fleet management application features for Toyota.

Product Design Intern · Magic Crate
Aug 2018 – Dec 2018

- Designed and developed educational DIY toys with product, engineering, and design partners.

Product Design Intern · INKL Design GmbH
Sep 2017 – Oct 2017

- Designed tactile maps and signage systems for accessibility, with engineers and architects.

Visual Designer · Jiffstore
Jun 2013 – Dec 2015
